Sir:

1. The instant application stands abandoned for failure to timely file a proper reply to an Office Action mailed on 26 August 2004, as indicated in the Notice of Abandonment mailed by the United States Patent and Trademark Office (Office) on 19 May 2005, and received by the Applicant on or about 23 May 2005.
2. The Applicant petitions the Commissioner under 37 CFR § 1.181(a) to withdraw the holding of abandonment lodged against the instant application. No fee is believed required for considering this Petition.

3. In support of this Petition, the Applicant respectfully submits a factual showing based on three executed declarations enclosed herewith. One declaration is made by Terry J. Watson, IP Coordinator at the law firm of Kirkpatrick & Lockhart Nicholson Graham LLP (KL) in Pittsburgh, PA. Another declaration is made by Dana Calhoun, the Docketing Supervisor at the law firm of Lee & Hayes PLLC (LH) in Spokane, WA. Another declaration is made by Rhonda Bogart, the Client Services manager at LH. On information and belief, based on these three declarations and the official papers of record in this matter, the Applicant provides the following timeline of events pertaining to the instant application:

- a. 12 September 2003: The instant application was filed with the Office;
- b. 26 August 2004: An Office Action was mailed by the Office, according to the Notice of Abandonment referenced in Paragraph 3.g. below;
- c. 1 November 2004: The instant application and the related case file were shipped from KL to LH;
- d. 2 November 2004: The instant application and the related case file were received by LH;
- e. 17 November 2004: The instant application and the related case file were processed into LH's internal systems;
- f. 26 February 2005: The period of response for the Office Action referenced in Paragraph 3.b. above expired. Accordingly, the instant application went abandoned on this date for failure to respond to the Office Action;
- g. 19 May 2005: A Notice of Abandonment was mailed by the Office; and

h. 23 May 2005: The Notice of Abandonment was received and docketed by LH.

4. On information and belief, the Applicant submits that the attached factual showing indicates that neither of its representatives (KL nor LH) received the Office Action mailed by the Office on 26 August 2004. Accordingly, the Applicant petitions the Commissioner to withdraw the holding of abandonment lodged against the instant application.

5. The Applicant further respectfully requests that the Office Action mailed on 26 August 2004 be re-mailed to the practitioners associated with Customer No. 49584 at the earliest convenience of the Office, and that the statutory period for response to such Office Action be re-started.

6. The Applicant requests favorable action on this Petition at the earliest convenience of the Office. If discussion with the Applicant's representative would advance favorable action on this Petition, the Office is requested to contact the undersigned at the telephone number provided below.

Sir:

I, Rhonda Bogart, declare as follows:

1. I am the Client Services Manager in the Spokane office of the law firm of Lee & Hayes, PLLC (LH). I have held this position since March 2002. Prior to employment at LH, I have worked in the legal field for over 18 years.
2. Included in my duties as Client Service Manager is the task of reviewing all incoming new and transferred files sent to the Spokane office of LH. Such

incoming files may originate from other law firms. All such files, regardless of origin, are checked against any documentation for receipt and reviewed for responses or any other due dates. Any such files with deadlines or due dates are processed and entered into our firm's docketing system, with the deadlines or due dates entered on the face of the file jacket for the relevant case.

3. Our firm uses docketing software purchased from PERFECT LAW. Each patent matter is assigned a unique docket number. Our firm handles patent matters that were originally filed by LH, and also handles patent matters that were originally filed by other law firms and subsequently transferred to LH. Should our firm receive a matter from another firm, the contents of that matter are reviewed in detail for any pending or outstanding Office Actions, and any relevant due dates are entered in our docketing system.
4. Attached hereto is a page from our firm's docketing system relating to LH Matter No. BE1 021 USC1. This matter corresponds to United States Patent Application Serial No. 10/661,338; filed on 21 September 2003. This matter was transferred to our firm from the law firm of Kirkpatrick & Lockhart Nicholson Graham LLP (KL) in Pittsburgh, PA on or about 1 November 2004. The transferred file was received physically in our office on 2 November 2004 and an acknowledgement confirming receipt was faxed to KL on the same date per their request. The file was then given to Rebekkah Borges, under my supervision, to process into our docketing system. Referring to the attached page from our docketing system, more particularly the items listed under the heading "Matter Notes", Rebekkah Borges is listed as the author of an entry that was made therein on 17 November 2004, indicating that the transferred file was processed into LH's systems on or about that date.

5. On information and belief, the contents of LH Matter No. BE1 021 USC1 as received from KL during the file transfer did not contain an Office Action. According to the Notice of Abandonment received by LH on or about 23 May 2005, an Office Action was mailed by the USPTO on 26 August 2004, which was before this matter was transferred to LH. Accordingly, on information and belief, no Office Action has been delivered to or received by LH in this matter, whether originating from the USPTO or from KL.
6. I further declare that all statements are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, or document, or any registration resulting therefrom.
